

SHAPING THE FUTURE OF EV CHARGING

At Teltonika Energy, we dedicate all our efforts to satisfy the growing demand for easy, smart, and reliable EV chargers that people can customize to their needs. As such we present you TeltoCharge!

CUSTOMIZABLE

Interchangeable front plates with 5 color options.

EASY

Quick and easy charging experience from the very beginning.

SMART

Innovative solutions combining functionality and smart EV charging features accessible via the Teltonika Energy app.

RELIABLE

Robust and reliable build to withstand even the harshest outdoor elements.

TELTONIKA IOT GROUP

Being a part of Teltonika IoT Group, we have over 25 years of experience producing global innovative technology solutions. As a Group, we have already deployed 22+ million devices across 150+ countries.

MISSION

Our exceptional skills in being a fast and flexible partner reflect our needs to be closer to our clients in every world region. Long-standing experience, reliable supply chain, highest technology process models stand for our ability to produce millions of IoT devices to our clients.

VISION

We aspire to become one of the global leaders of providing unique IoT solutions that contribute to making people's lives easier. We are open-minded to conclude the environment to the creative, ambitious work professional in Lithuania and the rest of the world to grow and contribute towards our Mission.

VALUES

We not only work but also live to help and share kindness to the people, especially to those who need our help the most. We are keeping our values by continuously and courageously creating synergy between Teltonika IoT Group and business partners, as well as clients.
